All Aliens Must File Addresses During January

All aliens in the United States, except a few diplomats, accredited members of certain international organizations and those admitted temporarily as Mexican agricultural laborers, must report their addresses to the government each January.

Forms for this purpose are available at any Post Office or office of the United States Immigration and Naturalization Service. They may be filled out in those offices and returned to the clerk from whom received. Parents or guardians are required to submit reports for alien children under fourteen years of age.

If you or any members of your immediate family are not citizens of the United States you should tell your parents of these requirements. If you have relatives or friends who are not citizens, you will do both them and the government a great service by telling them of the requirements. Remember, the time for reporting is during the month of January!

High PTA Seeks Books for Feb. 4 Jazz Festival

Books, books — a deluge of books is what members of the Albany High School PTA are asking for, now and until their February 4th "Book Fair With A French Flair". Books will be the main commodity at that affair with food, drama art and a Jazz Festival to help round off a full day.

An initial meeting to launch the drive for books and to appoint heads of committees was held recently at the Washington Avenue home of PTA president, Mrs. William Koser.

The collection and pricing of books will be headed by Mrs. Lee Keck and Mrs. Eldon Wolf assisted by the "Book Worms", the library club of Albany High whose advisor is Miss Devore Watt, the school librarian.

The "Chapeau Boutique" which will sell jewelry and hats collected at a Bonnet Tea to be held in January, will be chairmanned by Mrs. Robert McFadden and Mrs. Austin Angel Jr. Mrs. John Larimer will do photography and display publicity and the French Club and French teacher, Mrs. Mina Parsont will prepare a "Guignol" (Punch and Judy show) and will help with the French atmosphere. Also working in this capacity will be Mrs. Carl Fosselius and Mrs. Zady Kriel.

Freeman Sargent, of the High School art department will help with the hanging of student work in the Arte Gallerie and a poster contest is also being held for art students with prizes to be awarded by the PTA in conjunction with the Fair.

Food and drink at the Sidewalk Cafe, the Patisserie and the Buffet Casserole which will end the day, are in charge of Mrs. Robert Moulton, and Mrs. Charles Blume with grade representatives serving on the committee.

The Jazz Festival committee is headed by Mrs. Ray Paine with the Mesdames Milo Warrenberg, Harlan Dayton and John Burnett doing the stage sets. Band Booster Club members selling tickets and students of the music department taking tickets and ushering. Music of the Albany High Jazz Band, Dixieland Band and various soloists will be featured in the hour-long program.

NEW STUDENT HOUSING — Construction of 500 new apartment units such as those shown above will get under way soon in Albany to accommodate married students at the University of California in Berkeley. Completion is expected in February of 1962.

Auto Licenses Available Jan. 3 To February 4

Motorists throughout the State this week are receiving reminder statements mailed from the Department of Motor Vehicles, to renew their auto registrations for 1961 on or before next February 4.

Applications for the red sticker that must be attached to the rear plate will be processed at 138 permanent DMV offices, some 25 special offices served by traveling crews of motor vehicle representatives, nearly 200 auto club branch offices serving organization members, and 145 temporary registration renewal stations in banks in the metropolitan areas of the State, beginning January 3.

Robert McCarthy, Director of Motor Vehicles, said in Sacramento: "With over 500 locations ready to serve California motorists in the annual registration required by law, we are prepared to handle this large operation quickly and efficiently. Automation produces a streamlined set of documents for us to handle, and the cooperation of banks and clubs is a real public service."

"We invite those who desire the fastest and most efficient service to come to the registration offices early in the renewal period. We expect some applications to be mailed, but the most efficient service is had by paying the fee in person, in cash at one of the many authorized offices. The applicant then receives his new registration card and rear plate sticker without any delay."

The only new feature of the statement forms this year is a point to be punched by the vehicle owner if he has changed his address from that shown on the card. Directions on the statement show where the corrected new address should be written in. The punching of the cards for the change will speed the filing of the corrected records, Department officials said.

Our wish may be old fashioned but, nevertheless, it is from the heart. Harken to our sincere wish that 1961 will be a year abounding in happiness, health and friendship.

Renee DeYoe Tells of Experiences in Europe As an AFS Student from Albany

(This is the third and last installment of Miss Renee DeYoe's account of her experiences in Germany and Holland while residing with a German family.)

By RENEE DeYOE
American Field Service Returnee

Last summer, I had the opportunity to be an exchange student to Germany on the American Field Service Program for Albany. I stayed with a very nice German family in Marl, a small city in the northern part of Ger-

many. In my family there were three sisters, Barbel 15, Ulli 14, and Gabi 12. I was with my family for only two short months. The first month we spent in Holland, swimming in the North Sea. It was wonderful, all of us relaxed and enjoying ourselves.

In August, we traveled back to Germany. Since my German father had done so much traveling, our home in Marl was decorated all in oriental with extraordinary furniture, beautiful pictures and gorgeous rugs. I loved that house. It was three stories high, and I had my own room on the third floor. My oldest sister, Barbel, was on the same floor and some times late at night she'd come in my room and we would talk and talk.

While I was in Marl, I visited my sisters' school for a few days. This was extremely interesting and the buildings were very new and modern.

My German father and myself spent a day in Cologne seeing the Cathedral, a beautiful park and even crossed the Rhine River. Ulli and I also took a little trip down the Rhine River. I must tell you how beautiful it is. It was early evening, about 7 or 8 o'clock, and the sun was just going down. The water was slightly rippling and one could just make out the many, many castles on both sides of the Rhine. There was a cool wind, but Ulli and I couldn't help sitting outside as long as we could see anything in this peaceful place.

Too quickly, the day to leave my German family came. Even though two months is a short time, I felt my family and I were very close. My summer was so full and happy. I regretted having to leave it so much. Although I know it may be a long time, I feel that sometime, someday, I will return to my German family and friends.

How was I given this opportunity? In my Junior year at Albany High School I made out applications to the AFS and was screen-

ed by a committee in Albany. My name along with three others was sent to New York. Here, because they found a family which I would fit in and for various other reasons, I was fortunate enough to be chosen. There were about 950 of us on the summer program from all over the United States.

This experience has meant more to me than words can ever express and I will always be indebted to Albany, the AFS chapter here, and my family for giving this opportunity to me.

HERE ARE SHOWN FOUR STUDENTS, members of the 55-member Kensington Chorus which was organized last September to supplement the Kensington school program, practicing for their holiday season musical program. Mrs. Marguerite Rule, chorus director, is shown at the piano, with Eric Hansen, 9, at left; Helen MacPherson, 10, center, and Allan Smell, 10, at right. In the center background is Mary Stubbins, 11. — Gazette photo.

Chevrolet Plans

New Plant At Fremont in '61

Plans to build a new automobile and truck assembly plant in the San Francisco Bay Area have been announced by the Chevrolet Motor Division.

Edward N. Cole, vice president of General Motors and general manager of the Chevrolet Division, said it is planned to start construction during 1961 with completion scheduled by the fall of 1962.

The new plant will be located on a 400-acre site at Fremont in Alameda County, approximately

24 miles southeast of Oakland and 17 miles north of San Jose. Cole said.

"With the new facility and continuation of operation of the present facilities, total employment in the Bay Area will be increased," General Motors also will build a plant on the same site to produce bodies for the Chevrolet passenger car assembly.

Margaret Whiting To Present Show For Athens Club

"The Exciting" Miss Margaret Whiting will step into the spot-
light at the Athens Club New
Year's Eve when club members
and their guests gather at the
12th and Clay Clubhouse in Oak-
land for their first "gala" of the
new year. The fun-filled evening
begins at 7:30 p.m. with a special

Richard Whiting.

The New Year's Eve Gala is the
first in a series of monthly "spec-
taculars" in the Athens Club's
activity-packed calendar for 1961.
Each of the monthly theme par-

On New Year's Day the Athens
Board of Directors will hold an
"open house" for members and
guests, complete with an old-fash-

tuous buffet.

INCOME TAX FAX

You must file a federal income tax return for 1960 if you are under 65 and had gross income of \$600 or more, or over 65 and had gross income of \$1,200 or more. You must file a federal income tax return regardless of whether you owe tax or not, and it does not matter whether you are a man, woman or child; you are required to file a return before April 17, 1961.

It may be that you had income less than \$600 (or \$1,200) and some tax was withheld from your paychecks. In this case, you would file a tax return. It will show that you owe no tax and the IRS will refund the withheld tax.

Also, if your income was from employment and was more than \$400 you are required to file an income tax return and report your self-employment tax even though you do not owe income tax.

These columns are intended to give you in a general way with the questions about your income and deductions and to give information of a general nature so you will be aware of the savings that may be open to you. Each taxpayer has individual circumstances and individual problems. If you have a specific problem you should consult the accountant of your choice as early as possible so that he will have plenty of time to prepare your tax return properly.

Now is the time to decide when to pay your charitable contributions. Contributions, to be deductible in 1960, must have been paid in 1960. It is not enough to have pledged to contribute at a later date. Payment must have been made in 1960.

Your charitable contributions are deductible up to 30 per cent of your adjusted gross income provided that at least 10 per cent to churches, educational institutions or tax exempt hospitals. Otherwise your contributions are deductible up to 20 per cent of your adjusted gross income. Payments in money or property are equally deductible. If a contribution was made in property, the amount of the deduction is the fair market value of the property at the time the contribution was made. This has interesting possibilities. Assume that you purchased a piece of real estate for \$5,000 in 1960 and that you made a contribution of this piece of real estate in 1960 and its fair market value at the time of the contribution was \$10,000. You receive credit for the contribution of \$10,000 but you do not pay tax

on your gain of \$5,000. It does not matter if the recipient of the contribution immediately sells the property. All forms of property may be contributed — stocks and bonds, automobile, furniture, fixtures, equipment, clothing, etc.

Merchants can contribute items from their stock in trade and the deduction is the fair market value of the merchandise contributed. Merchants also are required to adjust their cost of goods sold to eliminate the cost of the merchandise contributed so that they do not get a double deduction.

To be deductible your contributions must be to a religious, charitable, educational, scientific or literary organization; or an organization for the prevention of cruelty to children or animals, except when such organization is operated for personal profit or to conduct propaganda or attempt to influence legislation. Also deductible are gifts to fraternal organizations if they are to be used for charitable or religious purposes, gifts to veterans organizations, and gifts to governmental agencies for public purposes, etc.
